CONSUMER INFORMATION

- ❖ **This report is not a recommendation or endorsement of the subdivision; it is informative only.**
- ❖ **Buyer or lessee must sign that (s)he has received and read this report.**

This report expires on the date shown above. All material changes must be reported to the Department of Real Estate. (*Refer to Section 11012 of the Business and Professions Code; and Chapter 6, Title 10 of the California Administrative Code, Regulation 2800.*) Some material changes may require amendment of the Public Report; which Amendment must be obtained and used in lieu of this report.

The Subdivision Public Report, referenced above, is hereby amended. There are no changes from the Public Report issued on 3/12/2024 other than this change to the section entitled Hazards:

Refer to the attached Exhibit A

A copy of this Amendment Page shall be affixed to the Final Subdivision Public Report dated 3/12/2024. Both shall be given to each client prior to his/her signing any agreement to purchase or lease and prior to applicant accepting any funds from any prospective purchaser/lessee.

EXHIBIT A

Very High and High Fire Hazard Severity Zone. The Neighborhood Builder has advised that all or portions of the Community subject to this Public Report are in a *Very High and High Fire Hazard Severity Zone*. As to the High Fire Hazard Severity Zone, the Neighborhood Builder has advised that prospective purchasers within this Zone will be provided a separate disclosure required under Government Code Section 51183.5 or Public Resources Code 4201 et seq., as applicable.

If any disclosure or any material amendment to any disclosure required by California statute to be made by the Neighborhood Builder regarding a statutorily required natural hazard zone disclosure is delivered after the execution of an offer to purchase, the purchaser shall have three days after delivery in person or five days after deposit in the mail to terminate the offer by delivery of a written notice of termination to the Neighborhood Builder or the Neighborhood Builder's agent.

CHANGE IN FIRE HAZARD SEVERITY ZONES. THE MAPS FOR THE STATE RESPONSIBILITY AREA AND LOCAL RESPONSIBILITY AREA INDICATING WHAT FIRE HAZARD SEVERITY ZONE THAT THE PROPERTY IS IN (IF AT ALL) CAN CHANGE. YOU SHOULD KEEP APPRISED OF THE CURRENT FIRE HAZARD ZONE THAT THE PROPERTY MAY BE IN. IN THE EVENT THE PROPERTY IS IN A FIRE HAZARD SEVERITY ZONE AND THAT FIRE HAZARD SEVERITY ZONE DECREASES, NEIGHBORHOOD BUILDER WILL BE REQUIRED TO PROVIDE YOU WITH AN UPDATED INDIVIDUAL NATURAL HAZARD DISCLOSURE REPORT FOR YOUR REVIEW. IN THE EVENT THE PROPERTY IS LATER MAPPED TO BE IN A FIRE HAZARD SEVERITY ZONE OR THE PROPERTY IS ALREADY IN A FIRE HAZARD SEVERITY ZONE AND THAT FIRE HAZARD SEVERITY ZONE INCREASES BEFORE YOU CLOSE ESCROW ON THE PROPERTY, SUBDIVIDER WILL BE REQUIRED TO PROVIDE YOU WITH A DISCLOSURE REGARDING THE CHANGE AND AN UPDATED INDIVIDUAL NATURAL HAZARD DISCLOSURE REPORT BEFORE YOU CLOSE ESCROW ON THE PROPERTY. YOU SHOULD CAREFULLY CONSIDER THE INSURANCE AND OTHER IMPACTS ON YOUR FINANCIAL SITUATION THAT COULD RESULT IN THE EVENT THE PROPERTY IS LATER MAPPED TO BE IN A FIRE HAZARD SEVERITY ZONE OR THE FIRE HAZARD SEVERITY ZONE INCREASES AND YOU CHOOSE TO SUBSEQUENTLY CLOSE ESCROW ON THE PROPERTY.

Insurance. The inherent risks of wildfires in California along with the fire zone designation for the property may have an adverse impact on insurance premiums for homeowner's insurance or homeowner's insurance may not be available at all. If insurance is not available from a traditional carrier, then basic fire insurance may be available through the California Fair Plan, but it may have certain limitations or exclusions on coverage as compared to traditional carriers. You should consult with a licensed California insurance agent for additional information about the costs and availability of insurance for the property. Neighborhood Builder has provided no assurances or guarantees as to whether any type of insurance is or will be available for the property or what the cost may be. The Department of Real Estate has made no investigations as to the availability or cost of insurance for homes in the subdivision. Additionally, the availability and cost of association fire or other casualty insurance for the

common area may be similarly impacted as a result of the subdivision being located in a fire zone. This impact may result in the lack of insurance or assessment increases due to increases in insurance costs over time.

Review Individual Natural Hazard Disclosure Report. Buyer should review the Individual Natural Hazard Disclosure Report for additional information regarding the fire zone designations. In addition to the disclosures set forth in the Individual Natural Hazard Disclosure Report, Buyer is advised that property located within a fire hazard severity zone may be subject to additional requirements which may include, without limitation, requirements such as the following: (i) additional construction requirements which Buyer would be required to comply with in the event Buyer makes modifications to the home; (ii) requirements relating to landscape installation and defensible space requirements; (iii) additional maintenance responsibilities such as adequate vegetation clearance and other fire-safety practices; and (iv) additional disclosure and compliance documentation requirements when Buyer re-sells the home; all as applicable. Buyer should contact the local fire authority for more detailed information and Buyer is also encouraged to review information on the Cal Fire website: <https://www.fire.ca.gov>. Both state and local agencies impose fire-related requirements and Buyer will be required to comply with all such requirements as they may be updated from time to time as best practices evolve. In addition to the foregoing, Buyer is advised that maps are updated periodically, and Seller makes no representations, guarantees or warranties with respect to any future fire zone designations.

Under Section 125.6 of the B&P Code, California real estate licensees are subject to disciplinary action by the Real Estate Commissioner if they discriminate or make any distinction or restriction in negotiating the sale or lease of real property because of the race, color, sex, religion, ancestry, national origin, disability, medical condition, genetic information, marital status, sexual orientation, or physical handicap of the client. COMMON INTEREST DEVELOPMENT GENERAL INFORMATION

Common Interest Development

The project described in the attached Subdivision Public Report is known as a common-interest development. Read the Public Report carefully for more information about the type of development. The development includes common areas and facilities which will be owned and/or operated by an owners' association. Purchase of a lot or unit automatically entitles and obligates you as a member of the association and, in most cases, includes a beneficial interest in the areas and facilities. Since membership in the association is mandatory, you should be aware of the following information before you purchase:

Governing Instruments

Your ownership in this development and your rights and remedies as a member of its association will be controlled by governing instruments which generally include a Declaration of Restrictions (also known as CC&R's), Articles of Incorporation (or association) and bylaws. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law. Study these documents carefully before entering into a contract to purchase a subdivision interest.

Assessments

In order to provide funds for operation and maintenance of the common facilities, the association will levy assessments against your lot or unit. If you are delinquent in the payment of assessments, the association may enforce payment through court proceedings or your lot or unit may be liened and sold through the exercise of a power of sale. The anticipated income and expenses of the association, including the amount that you may expect to pay through assessments, are outlined in the proposed budget. Ask to see a copy of the budget if the subdivider has not already made it available for your examination.

Common Facilities

A homeowner association provides a vehicle for the ownership and use of recreational and other common facilities which were designed to attract you to buy in this development. The association also provides a means to accomplish architectural control and to provide a base for homeowner interaction on a variety of issues. The purchaser of an interest in a common-interest development should contemplate active participation in the affairs of the association. He or she should be willing to serve on the board of directors or on committees

created by the board. In short, "they" in a common interest development is "you". Unless you serve as a member of the governing board or on a committee appointed by the board, your control of the operation of the common areas and facilities is limited to your vote as a member of the association. There are actions that can be taken by the governing body without a vote of the members of the association which can have a significant impact upon the quality of life for association members.

Subdivider Control

Until there is a sufficient number of purchasers of lots or units in a common interest development to elect a majority of the governing body, it is likely that the subdivider will effectively control the affairs of the association. It is frequently necessary and equitable that the subdivider do so during the early stages of development. It is vitally important to the owners of individual subdivision interests that the transition from subdivider to resident-owner control be accomplished in an orderly manner and in a spirit of cooperation.

Cooperative Living

When contemplating the purchase of a dwelling in a common interest development, you should consider factors beyond the attractiveness of the dwelling units themselves. Study the governing instruments and give careful thought to whether you will be able to exist happily in an atmosphere of cooperative living where the interests of the group must be taken into account as well as the interests of the individual. Remember that managing a common interest development is very much like governing a small community ... the management can serve you well, but you will have to work for its success. [B & P Code Section 11018.1(c)]

Informational Brochure

The Department of Real Estate publishes the *Living in a California Common Interest Development* brochure. FOR INFORMATION AS TO YOUR OBLIGATIONS AND RIGHTS, YOU SHOULD READ THE RESTRICTIONS. THE SUBDIVIDER MUST MAKE THEM AVAILABLE TO YOU.

Documents to be Furnished:

THE SUBDIVIDER STATED IT WILL FURNISH THE CURRENT BOARD OF OFFICERS OF THE ASSOCIATION AND EACH INDIVIDUAL PURCHASER WITH THE DEPARTMENT OF REAL ESTATE REVIEWED ASSOCIATION BUDGET FOR THIS PHASE OF THE SUBDIVISION.

THE SUBDIVIDER MUST MAINTAIN AND DELIVER TO THE ASSOCIATION THE SPECIFIC RECORDS AND MATERIALS LISTED IN REAL ESTATE COMMISSIONER'S REGULATION 2792.23 WITHIN THE STATED TIME PERIOD. THESE RECORDS AND MATERIALS DIRECTLY AFFECT THE ABILITY OF THE ASSOCIATION TO PERFORM ITS DUTIES AND RESPONSIBILITIES (SECTION 11018.5 OF THE BUSINESS AND PROFESSIONS CODE AND SECTION 4800 OF THE CIVIL CODE).

THE SUBDIVIDER SHALL MAKE A COPY OF THE GOVERNING DOCUMENTS AVAILABLE FOR EXAMINATION BY A PROSPECTIVE BUYER BEFORE EXECUTION OF AN OFFER TO PURCHASE A LOT. A COPY OF EACH MUST ALSO BE GIVEN TO EACH BUYER AS SOON AS PRACTICABLE BEFORE CLOSE OF ESCROW. THESE DOCUMENTS CONTAIN NUMEROUS MATERIAL PROVISIONS THAT SUBSTANTIALLY AFFECT AND CONTROL YOUR RIGHTS, PRIVILEGES, USE, OBLIGATIONS AND COSTS OF MAINTENANCE AND

OPERATION. YOU SHOULD READ AND UNDERSTAND THESE DOCUMENTS BEFORE YOU OBLIGATE YOURSELF TO PURCHASE A LOT. (BUSINESS AND PROFESSIONS CODE SECTION 11018.6)

MAINTENANCE AND OPERATIONAL EXPENSES:

Association to Levy Assessments. The Association has the right to levy assessments against you for the maintenance of the common areas, amenities and facilities and other purposes. Your control of operations and expenses is limited to the right of your elected representatives to vote on certain provisions at Association meetings.

Budget. The Subdivider has submitted a budget for the management, maintenance and operation of the Association's obligations and for long-term reserves. This budget was reviewed by the Department of Real Estate in September 2022. You should obtain a copy of this budget from the Subdivider. Under this budget, the monthly assessment against each lot will be **\$384.42** of which **\$74.58** is a monthly contribution toward long-term reserves which are not to be used to pay for current management, maintenance and operating expenses.

IF THE BUDGET FURNISHED TO YOU BY THE SUBDIVIDER SHOWS A MONTHLY ASSESSMENT FIGURE WHICH IS AT LEAST 20% MORE OR AT LEAST 10% LESS THAN THE ASSESSMENT AMOUNT SHOWN IN THIS PUBLIC REPORT, YOU SHOULD CONTACT THE DEPARTMENT OF REAL ESTATE BEFORE ENTERING INTO AN AGREEMENT TO PURCHASE.

NOTE: THE BUDGET INFORMATION INCLUDED IN THIS PUBLIC REPORT IS APPLICABLE AS OF THE DATE OF BUDGET REVIEW AS SHOWN ABOVE. EXPENSES OF OPERATIONS ARE DIFFICULT TO PREDICT, AND EVEN IF ACCURATELY ESTIMATED INITIALLY, MOST EXPENSES INCREASE WITH THE AGE OF FACILITIES AND WITH INCREASES IN THE COST OF LIVING.

Budget Information Provided by Subdivider. DELINQUENCIES IN THE PAYMENT OF ASSOCIATION ASSESSMENTS AFFECT THE ABILITY OF THE ASSOCIATION TO PERFORM ANY OR ALL OF ITS RESPONSIBILITIES AND COULD ALSO RESULT IN UNFORESEEN SPECIAL ASSESSMENTS LEVIED AGAINST ALL HOMES OR A SIGNIFICANT REDUCTION IN BUDGETED ASSOCIATION SERVICES. IF THE SUBDIVIDER BECOMES AWARE THAT DELINQUENT ASSESSMENTS HAVE CAUSED THE ASSOCIATION TO RECEIVE TEN PERCENT (10%) LESS INCOME FOR THE FISCAL YEAR THAN REFLECTED IN THE THEN CURRENT ASSOCIATION BUDGET, THE SUBDIVIDER SHALL USE REASONABLE EFFORTS TO NOTIFY THE DEPARTMENT OF REAL ESTATE IN WRITING (REGULATION 2800K).

THE SUBDIVIDER MUST MAKE AVAILABLE TO YOU A STATEMENT CONCERNING ANY DELINQUENT ASSESSMENTS AND RELATED CHARGES AS PROVIDED BY THE GOVERNING DOCUMENTS AND, IF AVAILABLE, CURRENT FINANCIAL INFORMATION AND RELATED STATEMENTS (BUSINESS AND PROFESSIONS CODE SECTION 11018.6).

In addition to other documentation provided to each prospective Buyer, a copy of the current financial information, and related statements, to the extent available, as specified by Section (b) of Civil Code Section 5300 must be made available for examination by a prospective Buyer before the execution of an offer to purchase a Lot. A copy of this financial information must also be given to each Buyer as soon as practicable before close of escrow. **YOU SHOULD PAY SPECIAL ATTENTION TO THIS FINANCIAL INFORMATION, AS IT PERTAINS TO CURRENT AND POSSIBLE FUTURE FINANCIAL OBLIGATIONS AFFECTING ALL HOMEOWNERS WITHIN THE SUBDIVISION ASSOCIATION.** If you do not understand the contents of these financial documents, you may wish to consult with your own professional advisors. Should the amounts collected by the Association prove insufficient to properly maintain, operate, repair or replace the common facilities, the Association may increase Regular Assessments or levy one or more Special Assessments in accordance with the Governing Documents in order to provide such funding, which may affect your ability to purchase, or, as an alternative, the Association may decide to defer maintenance or eliminate services.

The Covenants, Conditions and Restrictions provide that the Subdivider or other owner of a subdivision interest will be allowed to defer from payment, that portion of any assessments which is directly attributable to any structural improvement and/or common facility that is not complete at the time assessments commence. The amount of the deferment may be a fixed amount, or may vary based upon dates of completion or use. Once the established criterion is met and the authority allowing the deferment is eliminated, all owners must pay the full amount of the monthly assessment as outlined herein. The limitations of the allowance are specifically set forth in the Restrictions (Regulation 2792.16c).

Utility Rates: The utility rates used for the calculations within the above referenced budgets are based on information available at the time of the budget review dates (as shown above). Increases in assessments may be required as a measure to provide adequate funds to compensate for potential utility rate increases. Purchasers should be aware of the possible affect these increases may have on their assessments.

Assessment Increases/Decreases: The Association may increase or decrease assessments at any time in accordance with the procedure prescribed in the CC&Rs or Bylaws. In considering the advisability of a decrease (or a small increase) in assessments, care should be taken not to eliminate amounts attributable to reserves for replacement or major maintenance.

Commencement of Assessments: Regular assessments for the Association will commence on all lots in this phase on the first day of the first month following the conveyance of the first lot in this phase. The Subdivider must pay assessments to the Association for all unsold lots in this phase (Regulations 2792.9 and 2792.16).

Failure to Pay: The remedies available to the Association against owners who are delinquent in the payment of assessments are set forth in the CC&Rs. These remedies are available against the Subdivider as well as against all other owners.

Subdivider's Assessment Security: The Subdivider has posted a bond as partial security for its obligation to pay six months of assessments applicable to the lots in this phase owned by the Subdivider. The governing body of the Association should assure itself that the Subdivider has satisfied these obligations to the Association with respect to the payment of assessments in this phase before agreeing to a release or exoneration of the security.

Railroad Line. A railroad line is located along with southern border of Tract No. 66609. Trains may travel on the railroad line at all times of the day and night. Train cars may be unhitched and hitched on portions of the railroad line located near the Community. You may experience, and/or be exposed to, significant noise, odors, air pollution, diesel fumes, visual blight, bright lights, vibrations, wind, dirt, debris, and other adverse impacts relating to the operation and maintenance of the safety hazards (e.g., hazards resulting from chemical spills, collisions, etc.). Unsupervised children should not be allowed near the railroad line. Subdivider has no control over the operation and maintenance of the railroad line. You are responsible to investigate such matters to the extent you deem appropriate prior to completing the purchase of a lot in the Subdivision.

Prior Usage of Community Site and Usage of Other Property in Vicinity of Community. Subdivider is informed that portions of the Subdivision site were previously used for agricultural purposes (e.g., citrus groves, etc.) and as a nursery. There may have been other prior uses of the Subdivision as well. Elevated levels of arsenic from past nursery operations have been detected in soil samples at the Project

site. The California Department of Toxic Substances Control ("DTSC") is considering a plan to address the contaminated soils and will oversee the implementation of the plan. Subdivider makes no representations or warranties regarding the prior usage of the Project site or the soil or groundwater. You are encouraged to investigate this matter to your full and complete satisfaction prior to completing the purchase of a lot in the Subdivision. Additional information may be obtained from DTSC, 9211 Oakdale Avenue, Chatsworth, CA 91311, (818) 717-6521.

Winds. California is subject to periods of high winds. Wind speeds in the Community may exceed that experienced in other areas of the surrounding region. Buyer must ensure that any structures or other Improvements are constructed or designed to withstand high winds. You are advised to consult with experienced architects and engineers in the design and specification of any structures or Improvements that Buyer plans to add.

THIS IS NOT A COMPLETE LIST OF THE DISCLOSURE RELEVANT TO THIS PHASE OR THE PROJECT. SUBDIVIDER WILL PROVIDE YOU WITH ADDITIONAL DISCLOSURES THAT YOU ARE ADVISED TO REVIEW AND CONDUCT YOUR OWN INVESTIGATION OF ALL THOSE MATTERS OF INTEREST TO YOU PRIOR TO ENTERING INTO AN AGREEMENT TO PURCHASE A LOT IN THIS PHASE OF THE SUBDIVISION.

Natural Hazards

The Subdivider has advised that all or portions of the Subdivision to the Public Report are located within an *Earthquake Fault Zone*. Additionally, the Subdivider has advised that prospective purchasers within this Zone will be provided a separate disclosure required under Public Resources Code Section 2621.9.

The Subdivider has advised that all or portions of the Subdivision to the Public Report are located within a *Seismic Hazard Zone – Area of Potential Liquifaction*. Additionally, the Subdivider has advised that prospective purchasers within this Zone will be provided a separate disclosure required under Public Resources Code Section 2694.

If any disclosure, or any material amendment to any disclosure, required to be made by the Subdivider regarding this natural hazard is delivered after the execution of an offer to purchase, the purchaser shall have three days after delivery in person or five days after delivery by deposit in the mail to terminate the offer by delivery of a written notice of termination to the Subdivider or the Subdivider's agent.

If any disclosure, or any material amendment to any disclosure, required pursuant to 1103 et. seq. is delivered after the execution of an offer to purchase, the purchaser shall have three days after delivery in person or five days after delivery by deposit in the mail to terminate the offer by delivery of a written notice of termination to the Subdivider or the Subdivider's agent.

If your lot is located within one or more Statutory Natural Hazard areas, your ability to further develop the real property, to obtain insurance, or to receive assistance after a disaster may be affected. You should therefore contact your lender and insurance carrier for more information regarding types of insurance and costs to cover your property.

Additionally, since purchasers are not required to receive a separate disclosure for property owned by the Association, you should also contact the Association regarding any assessment increases due to additional insurance costs associated with the Statutory Natural Hazard Areas which may affect the Association maintained areas, if any.

City and County-Designated Zone Determinations. California law allows cities and counties to establish policies and criteria stricter than those set by the State respecting, but not limited to, the permitting and development of properties found to be in or affected by certain natural hazards. This information may be used by the local jurisdiction relative to making decisions regarding new development or additional construction. The agencies and jurisdictions which develop the official maps do not necessarily define or delineate hazards in the same way. A site can be in a hazard zone from one source and not in a hazard zone from another source. Properties that are in a mapped geologic hazard zone may require a geologic study prior to any new or additional construction. According to the Natural Hazard Disclosure Statement for the Project, the Project lies within the following:

- County Fault Zone. Within one-eighth of one mile (660 feet) of an unzoned Active Fault Trace.
- City Fault Zone. Within 660 feet of fault mapped by the City.

Right to Farm. This property is located within one mile of a farm or ranch land designated on the current county-level GIS "Important Farmland Map", issued by the California Department of Conservation, Division of Land Resource Protection. Accordingly, the property may be subject to inconveniences or discomforts resulting from agricultural operations that are a normal and necessary aspect of living in a community with a strong rural character and a healthy agricultural sector. Customary agricultural practices in farm operations may include, but are not limited to noise, odors, dust, light, insects, the operation of pumps and machinery, the storage and disposal of manure, bee pollination, and the ground or aerial application of fertilizers, pesticides, and herbicides. These agricultural practices may occur during any 24-hour period. Individual sensitivities to those practices can vary from person to person. You may wish to consider the impacts of such agricultural practices before you complete your purchase. Please be advised that you may be barred from obtaining legal remedies against agricultural practices conducted in a manner consistent with proper and accepted customs and standards pursuant to Section 3482.5 of the Civil Code or any pertinent local ordinance.

Commercial or Industrial Use. The Subdivider has been advised that all or portions of the Subdivision subject to this Public Report are located within one (1) mile of a property that is zoned by the City to allow commercial or industrial use. California Code of Civil Procedure Section 731a currently provides that, except in an action to abate a public nuisance brought in the name of the people of the State of California, no Person shall be enjoined or restrained by the injunctive process from the reasonable and necessary operation in any industrial or commercial zone or airport of any use expressly permitted therein, nor shall such use be deemed a nuisance without evidence of the employment of unnecessary and injurious methods of operation, provided any city, city and county, or county shall have established zones or districts under authority of law wherein certain manufacturing or commercial or airport uses are expressly permitted. Accordingly,

Subdivider discloses that the Subdivision is located within one mile of a property that is zoned by the City to allow commercial or industrial use.

PURCHASERS SHOULD FAMILIARIZE THEMSELVES WITH THE SURROUNDING AREAS OF THE SUBDIVISION BEFORE SIGNING A PURCHASE AGREEMENT/CONTRACT.

TITLE

Preliminary Report. A preliminary report will be issued by the title insurer to reflect those items that affect the condition of title. You are encouraged to request a copy of this preliminary report for review of those items that affect the lot you are purchasing. Those items typically shown on a report include, but are not limited to, general and special taxes, easements, mechanics liens, monetary encumbrances, trust deeds, utilities, rights of way and CC&Rs. In most instances, copies of documents can be provided to you upon request.

Easements: Easements for utilities and other purposes are shown on the title report and Subdivision Map filed in the Office of the Los Angeles County Recorder, in Book 1385, Pages 71 to 78 of Maps.

Adjustments to the original subdivision map(s) may also be recorded. You may ask the Subdivider about such changes. If you purchase a lot subject to said adjustment, this information will be included in your title policy.

Mineral Rights:

You will not own the mineral, oil and gas rights under your land below a depth of 500 feet. These have been reserved as per your grant deed. The right to surface entry has been waived.

TAXES

Regular Taxes: The maximum amount of any tax on real property that can be collected annually by counties is one percent (1%) of the full cash value of the property. With the addition of interest and redemption charges on any indebtedness, approved by voters prior to July 1, 1978, the total property tax rate in most counties is approximately 1.25% of the full cash value. In some counties, the total rate could be well above 1.25% of the full cash value. For example, an issue of general obligation bonds previously approved by the voters and sold by a county water district, a sanitation district or other such district could increase the tax rate.

For the purchaser of a lot in this subdivision, the full cash value of the lot will be the valuation as reflected on the tax roll, determined by the county assessor as of the date of purchase of the lot, or as of the date of completion of an improvement on the lot, if that occurs after the date of purchase.

Notice of Your 'Supplemental' Property Tax Bill

California property tax law requires the Assessor to revalue real property at the time the ownership of the property changes. Because of this law, you may receive one or two supplemental tax bills, depending on when your loan closes. The supplemental tax bills are not mailed to your lender. If you have arranged for your property tax payments to be paid through an impound account, the supplemental tax bills will not be paid by your lender. It is your responsibility to pay these supplemental bills directly to the Tax Collector. If you have any questions concerning this matter, please call your local Tax Collector's Office.

Special Taxes & Assessments:

This Subdivision lies within the boundaries of the City of Glendora Streetlight Maintenance District No. 1 and is subject to any taxes, assessments and obligations thereof. The District budget for each fiscal year will be based upon the actual costs provided for in the awarded contract for these services. This means assessments can fluctuate from year to year as contracts expire. As of the date of the Public Report the 2023-2024 assessment is \$45.57. The administration of this District will be provided by City of Glendora Public Works.

This Subdivision also lies within the boundaries of the following districts and is subject to any taxes, assessments and obligations thereof:

FINANCING

Pursuant to Civil Code Section 2956 through 2967, inclusive, Subdivider and purchasers must make certain written disclosures regarding financing terms and related information. The Subdivider will advise purchasers of disclosures needed from them, if any.

If your purchase involves financing, a form of deed of trust and note will be used. The provisions of these documents may vary depending upon the lender selected. These documents may contain the following provisions:

Acceleration Clause: This is a clause in a mortgage or deed of trust which provided that if the borrower (trustor) defaults in the repaying of the loan, the lender may declare the unpaid balance of the loan immediately due and payable.

Due-on-Sale Clause: If the loan instrument for financing your purchase of a interest in this subdivision includes a due-on-sale clause, the clause will be automatically enforceable by the lender when you sell the property. This means that the loan will not be assumable by a purchaser without the approval of the lender. If the lender does not declare the loan to be all due and payable on transfer of the property by you, the lender is, nevertheless, likely to insist upon modification of the terms of the instrument as a condition to permitting assumption by the purchaser. The lender will almost certainly insist upon an increase in the interest rate if the prevailing interest rate at the time of the proposed sale of the property is higher than the interest rate of your promissory note.

A Balloon Payment: This means that your monthly payments are not large enough to pay off the loan, with interest, during the period for which the loan is written and that at the end of the loan period you must pay the entire remaining balance in one payment. If you are unable to pay the balance and the remaining balance is a sizable one, you should be concerned with the possible difficulty in refinancing the balance. If you cannot refinance or sell your property, or pay off the balloon payment, you will lose your property.

A Prepayment Penalty: This means that if you wish to pay off your loan in whole or in part before it is due, you, in addition, must pay a penalty.

A Late Charge: This means that if you fail to make your installment payment on or before the due date or within a specified number of days after the due date, you, in addition, must pay a penalty.

Adjustable Rate Loan: If you obtain financing from a federal or state regulated lender, the financing terms of the loan may allow the interest rates to change over the life of the loan. An interest rate increase ordinarily causes an increase in the monthly payment that you make to the lender. The lender should provide you with a disclosure form about the financing to assist you in the evaluation of your ability to make increased payments during the term of the loan. This disclosure form should be furnished to you at the time you receive your loan application and before you pay a nonrefundable fee.

BEFORE AGREEING TO ANY FINANCING PROGRAM OR SIGNING ANY LOAN DOCUMENTS, YOU SHOULD READ AND THOROUGHLY UNDERSTAND ALL THE PROVISIONS CONTAINED IN THE LOAN DOCUMENTS.

PURCHASE MONEY HANDLING

The Subdivider must impound all funds (purchase money) received from you in an escrow depository until legal title is delivered to you, except for such amount as the Subdivider has covered by furnishing a bond to the State of California [Refer to Business and Professions Code Sections 11013, 11013.1 and 11013.4(a).]

If the escrow has not closed on your lot within one (1) year of the date of the Seller's Execution of the Purchase Contract and Escrow Instructions, you may request the return of your purchase money deposit.

Note: Section 2995 of the Civil Code provides that no real estate Subdivider shall require as a condition precedent to the transfer of real property containing a single family residential dwelling that escrow services effectuating such transfer shall be provided by an escrow entity in which the Subdivider has a financial interest of 5% or more.

THE SUBDIVIDER HAS NO FINANCIAL INTEREST IN THE ESCROW COMPANY WHICH IS TO BE USED IN CONNECTION WITH THE SALE OR LEASE OF LOTS IN THIS PHASE OF THE SUBDIVISION.

SOILS AND GEOLOGIC CONDITIONS

All lots will contain filled ground. Information concerning filled ground, soil conditions and geologic conditions is available at: City of Glendora Planning/Engineering Department, 116 E. Foothill Blvd., Glendora, CA 91741.

CALIFORNIA IS SUBJECT TO GEOLOGIC HAZARDS SUCH AS LANDSLIDES, FAULT MOVEMENTS, EARTHQUAKE SHAKING, RAPID EROSION OR SUBSIDENCE. THE UNIFORM BUILDING CODE, APPENDIX CHAPTER 33, PROVIDES FOR LOCAL BUILDING OFFICIALS TO EXERCISE PREVENTIVE MEASURES DURING GRADING TO ELIMINATE OR MINIMIZE DAMAGE FROM SUCH GEOLOGIC HAZARDS. THIS SUBDIVISION IS LOCATED IN AN AREA WHERE SOME OF THESE HAZARDS MAY EXIST. SOME CALIFORNIA COUNTIES AND CITIES HAVE ADOPTED ORDINANCES THAT MAY OR MAY NOT BE AS EFFECTIVE IN THE CONTROL OF GRADING AND SITE PREPARATION.

PURCHASERS MAY CONTACT THE SUBDIVIDER, THE SUBDIVIDER'S ENGINEER, THE ENGINEERING GEOLOGIST, AND THE LOCAL BUILDING OFFICIALS TO DETERMINE IF THE ABOVE-MENTIONED HAZARDS HAVE BEEN CONSIDERED AND IF THERE HAS BEEN ADEQUATE COMPLIANCE WITH APPENDIX CHAPTER 33 OR AN EQUIVALENT OR MORE STRINGENT GRADING ORDINANCE DURING THE CONSTRUCTION OF THIS SUBDIVISION.

Post Tension Slabs. Buyer hereby acknowledges that the concrete slab for Buyer's Residence MAY BE reinforced with a grid of steel cables installed in the concrete and then tightened to create very high tension. This type of slab is commonly known as a "Post Tension Slab." Buyer further acknowledges cutting into a Post Tension Slab for any reason (e.g., to install a floor safe, to remodel plumbing, etc.) is very hazardous and may result in serious damage to property and/or personal injury. If applicable, accepting a grant deed to the Property, Buyer hereby specifically covenants and agrees that:

- (a) He/she shall not cut into or otherwise tamper with the Post Tension Slab;

(b) He/she shall not knowingly permit any other person to cut into or tamper with the Post Tension Slab, so long as a Buyer owns any interest in the Property;

(c) He/she shall disclose the existence of the Post Tension Slab to any tenant, lessee, or grantee of the Property; and

(d) He/she shall indemnify and hold Seller, and its respective officers, employees, contractors and agents, free and harmless from and against any and all claims, damages, losses, or other liability (including attorney's fees) arising from any breach of this covenant.

Expansive Soil. Soil in the Community ranges from very low to very highly expansive in nature. Expansive soil will expand when it becomes wet and contracts when it dries out. This expansion and contraction may cause movement, lifting, cracking and distress in slabs, patios, sidewalks and other flatwork Improvements. You should be aware that over-watering the soil or ponding of water adjacent to the foundation of the Residence may cause damage to the structures or accelerate the time period over which said damage occurs. By its very nature, concrete will crack. Movement of Improvements constructed on expansive soil is normal and will occur. You should advise contractors, engineers, and/or architects of the presence of these expansive soils so that their effects may be mitigated by appropriate design and construction techniques. Copies of the soils reports for the Community are available for review at the City.

Streets and Roads:

The majority of the streets in the Project are public, however, the private streets within this Subdivision will be maintained by the Association. The costs of repair and maintenance of these private streets are included in the budget and are a part of your regular assessment.
