Under Section 125.6 of the B&P Code, California real estate licensees are subject to disciplinary action by the Real Estate Commissioner if they discriminate or make any distinction or restriction in negotiating the sale or lease of real property because of the race, color, sex, religion, ancestry, national origin, disability, medical condition, genetic information, marital status, sexual orientation, or physical handicap of the client. COMMON INTEREST DEVELOPMENT GENERAL INFORMATION

Common Interest Development

The project described in the attached Subdivision Public Report is known as a common-interest development. Read the Public Report carefully for more information about the type of development. The development includes common areas and facilities which will be owned and/or operated by an owners' association. Purchase of a lot or unit automatically entitles and obligates you as a member of the association and, in most cases, includes a beneficial interest in the areas and facilities. Since membership in the association is mandatory, you should be aware of the following information before you purchase:

Governing Instruments

Your ownership in this development and your rights and remedies as a member of its association will be controlled by governing instruments which generally include a Declaration of Restrictions (also known as CC&R's), Articles of Incorporation (or association) and bylaws. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law. Study these documents carefully before entering into a contract to purchase a subdivision interest.

Assessments

In order to provide funds for operation and maintenance of the common facilities, the association will levy assessments against your lot or unit. If you are delinquent in the payment of assessments, the association may enforce payment through court proceedings or your lot or unit may be liened and sold through the exercise of a power of sale. The anticipated income and expenses of the association, including the amount that you may expect to pay through assessments, are outlined in the proposed budget. Ask to see a copy of the budget if the subdivider has not already made it available for your examination.

Common Facilities

A homeowner association provides a vehicle for the ownership and use of recreational and other common facilities which were designed to attract you to buy in this development. The association also provides a means to accomplish architectural control and to provide a base for homeowner interaction on a variety of issues. The purchaser of an interest in a common-interest development should contemplate active participation in the affairs of the association. He or she should be willing to serve on the board of directors or on committees

created by the board. In short, "they" in a common interest development is "you". Unless you serve as a member of the governing board or on a committee appointed by the board, your control of the operation of the common areas and facilities is limited to your vote as a member of the association. There are actions that can be taken by the governing body without a vote of the members of the association which can have a significant impact upon the quality of life for association members.

Subdivider Control

Until there is a sufficient number of purchasers of lots or units in a common interest development to elect a majority of the governing body, it is likely that the subdivider will effectively control the affairs of the association. It is frequently necessary and equitable that the subdivider do so during the early stages of development. It is vitally important to the owners of individual subdivision interests that the transition from subdivider to resident-owner control be accomplished in an orderly manner and in a spirit of cooperation.

Cooperative Living

When contemplating the purchase of a dwelling in a common interest development, you should consider factors beyond the attractiveness of the dwelling units themselves. Study the governing instruments and give careful thought to whether you will be able to exist happily in an atmosphere of cooperative living where the interests of the group must be taken into account as well as the interests of the individual. Remember that managing a common interest development is very much like governing a small community ... the management can serve you well, but you will have to work for its success. [B & P Code Section 11018.1(c)]

Informational Brochure

The Department of Real Estate publishes the *Living in a California Common Interest Development* brochure. endorsement provides that the total liability of the title company is limited to the face amount of the title policy only. The insurance will contain the following endorsement:

"The Company hereby insures the insured against loss or damage which the insured shall sustain by reason of any statutory lien for labor or materials attaching to the Land, arising out of any work of improvement under construction or completed at the date of policy as to the condominium building in which the insured's separate unit is located, and/or by reason of any statutory lien for labor or materials attaching to the Land arising out of any work or improvement within Lot 1 of Tract 20303 whether such improvements have been completed, are under construction or are to be constructed after the Policy Date. Excluded from coverage hereunder are any liens arising from any work of improvements to which the insured has contracted or consented, including any work of improvement to which the insured is deemed to have consented pursuant to Section 4615 of the California Civil Code."

Should the owner of a condominium unit in this Phase of the Subdivision sell his/her unit to another buyer prior to the completion of the final phases of Lot 1, he/she should inform the new buyer that a special future mechanic lien endorsement should be obtained from their title insurance company.

NOTWITHSTANDING ANY PROVISION IN THE CONTRACT TO THE CONTRARY, A PROSPECTIVE BUYER HAS THE RIGHT TO NEGOTIATE WITH THE SUBDIVIDER TO ALLOW AN INSPECTION OF THE PROPERTY BY THE BUYER OR THE BUYER'S DESIGNEE UNDER TERMS MUTUALLY AGREEABLE TO THE PROSPECTIVE BUYER AND THE SUBDIVIDER.

MAINTENANCE AND OPERATIONAL EXPENSES

PROJECT ASSOCIATION TO LEVY ASSESSMENTS. THE PROJECT ASSOCIATION HAS THE RIGHT TO LEVY ASSESSMENTS AGAINST YOU FOR MAINTENANCE OF THE ASSOCIATION PROPERTY, AMENITIES AND FACILITIES, AND OTHER PURPOSES. YOUR CONTROL OF OPERATIONS AND EXPENSES IS LIMITED TO THE RIGHT OF YOUR ELECTED REPRESENTATIVES TO VOTE ON CERTAIN PROVISIONS AT PROJECT ASSOCIATION MEETINGS.

POCOA and TOCOA Assessments. The monthly assessment levied by the Project Association will include your allocable share of the assessments levied by POCOA and TOCOA. An estimate of your allocable shares of (i) the POCOA assessment is set forth in the Project Association budget under the line item described as "POCOA Assessment" and (ii) the TOCOA assessment is set forth in the Project Association budget under the line item described as "TOCOA and POCOA."

Project Association Budgets: The Subdivider has submitted budgets for the maintenance and operation of the Association Property and for long-term reserves when the Project is substantially completed (built-out budget) and interim budgets applicable to the phases of the Subdivision. These budgets were reviewed by the DRE in March 2023. You should obtain copies of these proposed budgets from the Subdivider.

Under the built-out budget, the monthly installment of assessments against each Unit is currently estimated to be approximately **\$430.01**. The Project Association may or may not elect to use this budget when additional phases are annexed. Under the interim budget for **Phase 2**, the monthly installment of assessments against each Unit is currently estimated to be approximately **\$445.06**. Of these amounts, the monthly contributions toward long-term reserves, which are not to be used to pay for current operating expenses, are estimated to be approximately **\$134.33** and **\$115.75**, respectively.

IF THE BUDGET FURNISHED TO YOU BY THE SUBDIVIDER SHOWS A MONTHLY ASSESSMENT FIGURE WHICH IS AT LEAST 20% MORE OR AT LEAST 10% LESS THAN THE ASSESSMENT AMOUNT SHOWN IN THIS PUBLIC REPORT, YOU SHOULD CONTACT THE DEPARTMENT OF REAL ESTATE.

NOTE: EXPENSES OF OPERATION ARE DIFFICULT TO PREDICT AND EVEN IF ACCURATELY ESTIMATED INITIALLY, MOST EXPENSES INCREASE WITH THE AGE OF FACILITIES AND WITH INCREASES IN THE COST OF LIVING.

Project Association Budget Information Provided By Subdivider. DELINQUENCIES IN THE PAYMENT OF ASSESSMENTS AFFECT THE ABILITY OF THE PROJECT ASSOCIATION TO PERFORM ANY OR ALL OF ITS RESPONSIBILITIES AND COULD ALSO RESULT IN UNFORESEEN SPECIAL ASSESSMENTS LEVIED AGAINST ALL HOMES OR A SIGNIFICANT REDUCTION IN BUDGETED PROJECT ASSOCIATION SERVICES. THE SUBDIVIDER MUST IMMEDIATELY NOTIFY THE DRE IN WRITING, IF DELINQUENT ASSESSMENTS HAVE CAUSED THE PROJECT ASSOCIATION TO RECEIVE TEN PERCENT (10%) LESS INCOME THAN REFLECTED IN THE THEN CURRENT PROJECT ASSOCIATION BUDGET (REGULATION 2800K).

THE SUBDIVIDER MUST MAKE AVAILABLE TO YOU A STATEMENT CONCERNING ANY DELINQUENT ASSESSMENTS FOR THE PROJECT ASSOCIATION AND RELATED CHARGES AS PROVIDED BY THE PROJECT GOVERNING DOCUMENTS; AND, IF AVAILABLE, CURRENT FINANCIAL INFORMATION AND RELATED STATEMENTS (CALIFORNIA BUSINESS AND PROFESSIONS CODE SECTION 11018.6).

In addition to other documentation provided to each prospective Buyer, a copy of the current financial information, and related statements, to the extent available, as specified by Section (b) of California Civil Code Section 5300 must be made available for examination by a prospective Buyer before the execution of an offer to purchase a lot or unit. A copy of this financial information must also be given to each Buyer as soon as practicable before close of escrow. YOU SHOULD PAY SPECIAL ATTENTION TO THIS FINANCIAL INFORMATION, AS IT PERTAINS TO CURRENT AND POSSIBLE FUTURE FINANCIAL OBLIGATIONS AFFECTING ALL HOMEOWNERS WITHIN THE SUBDIVISION. If you do not understand the contents of these financial documents, you may wish to consult with your own professional advisors. Should the amounts collected by the Project Association prove

insufficient to properly maintain, operate, repair or replace the common facilities in the Project Association may increase their respective Annual Assessments or levy one or more Special Assessments (as defined in the Project Declaration) in accordance with the Project Governing Documents in order to provide such funding, which may affect your ability to purchase, or, as an alternative, the Project Association may decide to defer maintenance or eliminate services.

Utility Rates. Increases in Annual Assessments or Special Assessments may be required as a measure to provide adequate funds to compensate for potential utility rate increases (excluding any sub-metered water fees billed directly to owners). Purchasers should be aware of the possible effect these increases may have on their homeowner assessments.

Assessments Increases/Decreases. The Project Association may increase or decrease assessments at any time in accordance with the procedure prescribed in the Project Governing Documents. In considering the advisability of a decrease or a smaller increase in assessments, care should be taken not to eliminate amounts attributable to reserves for replacement or major maintenance.

Commencement of Assessments. Annual Assessments for the Project Association will commence on all units in this Phase on the first day of the month following the conveyance of the first unit in this Phase. Subdivider must pay assessments to the Project Association for all unsold units in this Phase (Regulations 2792.9 and 2792.16).

Failure to Pay. The remedies available to the Project Association against owners who are delinquent in the payment of assessments are set forth in the Project Governing Documents. These remedies are available against the Subdivider as well as against other owners.

Subdivider's Assessment Security. The Subdivider has posted a bond in escrow as partial security for the Subdivider's obligation to pay these assessments. The governing body of the Project Association should assure itself that the Subdivider has satisfied its obligations to the Project Association with respect to the payment of assessments before agreeing to a release or exoneration of the security.

Subsidy of Project Association: Subdivider has submitted for review a Subsidy Agreement ("Subsidy Agreement") to DRE. The Subdivider intends to enter into the Subsidy Agreement with the Project Association to temporarily subsidize a portion of the monthly assessments in the earlier phases of the Project. The term of the Subsidy Agreement will commence on the date of the first close of escrow for the sale of a unit in DRE Phase 1 and will terminate on the date which is the earlier to occur of: (a) the date which is one (1) year after the date of the first close of escrow for the sale of a Condominium in DRE Phase 1; or (b) the first close of escrow in DRE Phase 6. During the term, the subsidized monthly assessment amount for each condominium unit will be **\$468.72**. Upon the expiration of the Subsidy Agreement, assessments will increase to the amount under the current budget for the Project Association. This means that your assessment payment could increase. You are advised to carefully review the terms of the Subsidy Agreement.

Subdivider will have the right unilaterally to extend the term of the Subsidy Agreement in six (6) month increments, provided it has furnished the additional security required. Should Subdivider elect to extend the term of the Subsidy Agreement, it shall notify the Project Association in writing of such election and the expiration date of the extended term. Please see the Subsidy Agreement for full details.

Subdivider has posted a bond as partial security for the obligation to pay the subsidy under the Subsidy Agreement. The governing body of the Project Association should assure itself that Subdivider has satisfied its obligations to the Project Association with respect to the payment of the subsidy before agreeing to a release or exoneration of the security.

SOLAR ENERGY SYSTEM. HOMES COVERED BY THIS PUBLIC REPORT WILL HAVE A ROOF-TOP SOLAR ARRAY AND OTHER EQUIPMENT THAT CONVERTS SOLAR ENERGY TO HOUSEHOLD ELECTRICITY (EACH A “SYSTEM”). YOU MUST EITHER (1) PURCHASE THE SYSTEM FOR A COST THAT IS ADDED TO THE PRICE OF THE HOME, OR (2) ENTER INTO A LEASE OR POWER PURCHASE AGREEMENT (“PPA”) AND MAKE MONTHLY PAYMENTS TO A SOLAR PROVIDER FOR THE PURCHASE OF ALL OF THE ELECTRICITY GENERATED BY THE SYSTEM. YOU SHOULD CAREFULLY REVIEW AND FULLY UNDERSTAND THE TERMS OF THE SOLAR PROGRAM OFFERED.

THE CALIFORNIA DEPARTMENT OF REAL ESTATE HAS NOT APPROVED OR REVIEWED DOCUMENTS RELATED TO THE SYSTEM OR THE SOLAR PROGRAM OFFERED. YOU ARE ADVISED TO THOROUGHLY REVIEW ALL DOCUMENTS AND INVESTIGATE ALL POSSIBLE OUTCOMES OF ANY SOLAR PROGRAM OFFERED, PRIOR TO SIGNING A PURCHASE AGREEMENT. YOU MAY WANT TO SEEK INDEPENDENT LEGAL COUNSEL TO ASSIST WITH YOUR REVIEW AND INVESTIGATION.

USES/ZONING/HAZARD DISCLOSURES

The Subdivider has set forth below references to various zoning, uses, hazards and other matters based on information from a variety of sources. You should independently verify the information regarding these matters, as well as all other matters, which may be of concern to you regarding the Project, the Piemonte at Ontario Center and The Ontario Center and all existing, proposed or possible future uses in or near the Project, the Piemonte at Ontario Center and The Ontario Center. At the time this Public Report was issued, some of the land uses that surround the Project include, but are not limited to, the following:

ZONING.

North: Commercial; Retail; E. 4th Street; Residential
South: Commercial; Retail; Ontario Center Parkway; parking lots.
East: Commercial; Retail; Concourses Street
West: Hotel; Residential; Via Piemonte; Vacant land

ADDITIONAL LAND USES AND MISCELLANEOUS DISCLOSURES. Subdivider advises of the following significant uses and conditions in the surrounding area and within the Project. This list is not meant to be all-inclusive, and you may be provided with additional disclosures of uses and conditions.

Mixed-Use Development (Including Adjacent Hotel): The Piemonte at Ontario Center, of which the Subdivision is a part, is currently zoned for a mix of urban commercial, retail, office, residential, entertainment and special (i.e., hotel) land uses. The hotel Element Ontario is located immediately adjacent to the Subdivision at 900 Via Piemonte. As currently built, the 4-story, 131-room hotel includes an outdoor pool and patio, dining and meeting areas and is a venue for weddings and other events. Combining commercial, retail, office, residential and other special land uses in a mixed-use development may present a number of issues and concerns which may not otherwise be present in a strictly residential community, including without limitation additional noise, significant noise from trash trucks and delivery vehicles at all hours of the day, noise from patrons of the hotel and adjacent retail businesses, light spillage, odors, fumes, air pollution, smoke, vibration, vehicular traffic, pedestrian traffic, trash, diminished security and other similar issues and/or disturbances associated with any area where commercial, retail, office, entertainment and hotel activities are present or prevalent. Subdivider has no control over the current or future tenancies or vacancies of the commercial, retail and residential locations surrounding the Subdivision and does not control the land use or zoning of the adjacent properties and makes no representations about future land uses on adjacent or nearby properties.

Surrounding Commercial/Retail Uses: The Piemonte at Ontario Center shopping center is located directly across the street (Via Alba) from the Subdivision and includes, without limitation, retail stores (including Target, Sam's Club, CVS, DSW Designer Shoe Warehouse and Pet Smart), entertainment center/sports bar (including Big Al's), bank/financial institution(s) and restaurants. In addition, public parking areas are in close proximity to the Subdivision. Residents within the Subdivision may experience glare from lighting within the shopping center and parking areas as well as noise and odors associated with shopping center operations which may include, without limitation, delivery trucks, refuse disposal trucks, sweeping of parking lots, use of loud speakers during special events and cooking aromas from restaurant kitchen vents. Deliveries and trash hauling may take place at any time, including late evening and early morning. The use of the shopping center and public parking areas will also cause increased pedestrian and vehicular traffic in the vicinity of the Subdivision. In addition, Ontario Mills (a shopping outlet with more than 200 retail stores, entertainment and dining) is located at Milliken Avenue and Ontario Mills Parkway, north of the Subdivision, and The Marketplace at Ontario Center (retail stores and dining) is located at 921 N. Milliken Avenue, southeast of the Subdivision. These surrounding commercial and retail uses may cause inconveniences in the form of noise, vibrations, vehicle emissions, odors and increased traffic.

Toyota Arena: The Toyota Arena ("Arena"), a multi-purpose enclosed arena, is located immediately south of the Subdivision at 4000 Ontario Center, across Ontario Center

Parkway. The 225,000 square-foot venue is owned by the City of Ontario and can accommodate more than 11,000 guests and is home to several sports teams. The Arena may host hundreds of events annually, including without limitation concerts and sports events. During use of the Arena, owners and other residents in the Subdivision may experience inconveniences in connection with the use of the Arena, including without limitation, increased vehicular and pedestrian traffic, light spillage, odors, smoke, fumes and noise generated by events held at the Arena.

Fire Station: A fire station is located approximately 1 mile southwest of the Project.

Ontario International Airport: The Ontario International Airport, a full-service airport with commercial jet service to major cities in the United States and service to many international destinations, is located approximately 1.9 miles from the Project (see Notice of Airport in Vicinity in the Natural Hazards section below). According to the airport website, the airport is located on 1,741 acres of land and has two (2) terminals and two (2) runways, and the airport served 5.6 million passengers in 2019 and 924,160 tons of cargo were handled in 2020. Existing flight patterns for aircrafts using the airport may change without notice. The Project is subject to noise, vibration, pollution and other inconveniences from the Ontario International Airport, and you may be more severely impacted by such inconveniences in the future. Subdivider has no control over the use of Ontario International Airport or the impacts on the Project. For further information, see the airport website at <http://www.flyontario.com>.

Agricultural Uses: Some of the real property adjacent to the Project is zoned for agricultural uses (see Notice of Right to Farm in the Natural Hazards section below) and may be used for farming and grazing of livestock, which may result in noise, odors, dust, overspray of pesticides, herbicides and other chemicals and other inconveniences for residents in the Project and there could be flies, odor or related problems due to the proximity of animals. In addition, the area south of Riverside Drive lies within the San Bernardino County Agricultural Preserve. Dairies currently existing in that area are likely to remain for the foreseeable future.

Major Streets and Freeways: The Project is surrounded by major streets and freeways with traffic at all hours, including without limitation the Interstate 10 Freeway, the Interstate 15 Freeway, Fourth Street and Ontario Center Parkway. Fourth Street, a designated truck route, is subject to heavy truck traffic in addition to normal vehicular traffic. Because of the close proximity of these streets and freeways, residents of the Project may experience glare from streetlights and noise, dust, vibration and high levels of traffic in and around the Project.

Trash Placement: Due to the design of the Project, there is limited space for the placement of trash containers during trash collection days. Therefore, on trash collection days, you may set out your trash containers only in the location assigned to your residential unit in the trash container placement plan attached to the Project Declaration. Please review the trash container placement plan carefully as your assigned trash location may not be located in front of the condominium building housing your residential unit and you may be required to walk more than 250 feet to set out your trash containers in your assigned trash location.

NATURAL HAZARDS.

The Subdivider advises that prior to the issuance of this Conditional Public Report, the following natural and other hazards exist within or near the Subdivision. For more information in regard to

these natural and other hazards, you are advised to read the natural hazard disclosure information as provided by the Subdivider.

Zone X. According to the Natural Hazard Disclosure Statement for the Subdivision, the Subdivision is located within Flood Zone X, as shown on the Federal Emergency Management Agency (FEMA) Hazard Maps. Flood Zone X is an area subject to moderate or minimal hazard from the principal source of flooding in the area. Areas in Flood Zone X have a greater than 0.2% chance of flooding every year, a 1.0% or greater chance of flooding to less than one (1) foot in depth, or are within an area protected by levees from the 1.0% chance flood. Buildings in Flood Zone X may be flooded by severe, concentrated rainfall, coupled with inadequate local drainage systems. Flood insurance is available but is not required by federal regulations. Subdivider makes no recommendations regarding whether Owners should obtain flood insurance.

County and City-Designated Zone Determinations. California law allows counties to establish policies and criteria stricter than those set by the State respecting, but not limited to, the permitting and development of properties found to be in or affected by the certain natural hazards. This information may be used by the local jurisdiction relative to making decisions regarding new development or additional construction. The agencies and jurisdictions which develop the official maps do not necessarily define or delineate hazards in the same way. A site can be in a hazard zone from one source and not in a hazard zone from another source. Properties that are in a mapped geologic hazard zone may require a geologic study prior to any new or additional construction. According to the Natural Hazards Disclosure Statement, the Subdivision lies within the following:

- (a) Landslide Susceptibility. A County-determined mapped area of Low Landslide Susceptibility;
- (b) Fire Hazard Zone. A County-determined Fire Hazard Zone designated Moderate;
- (c) Subsidence. A County-determined area with Medium to High Estimated Potential Subsidence Ranking.

Very High Fire Hazard Severity Zone (SB-63). Beginning January 1, 2022, California Senate Bill 63 (SB-63) requires, among other things, that the Director of the Department of Forestry and Fire Protection (“**Director**”) identify areas in California as “Moderate,” “High” and “Very High” Fire Hazard Severity Zones. According to the Natural Hazard Disclosure Statement, the Director has not yet released Fire Hazard Severity Zone (FHSZ) maps for those cities and counties that have fire protection responsibility (“Local Responsibility Areas”). Beginning July 1, 2021, California Assembly Bill 38 (AB-38) requires all homes sales in High or Very High Fire Hazard Severity Zones (FHSZ) to be compliant following a Defensible Space Inspection. When an Owner sells property that is located in a high or very high FHSZ, the Owner will need documentation of a compliant Defensible Space Inspection that complies with Section 4291 of the Public Resources Code or local vegetation management ordinances. More information regarding this requirement can be found at Fire Hazard Severity Zones (ca.gov). When the Director releases the new FHSZ maps required by SB-63, the obligations under AB-38 will apply to the Very High and the High FHSZ in the Local Responsibility Areas. Subdivider makes no representations or warranties as to whether the Subdivision is in a FHSZ or whether there is any elevated degree of fire hazard risk to the Subdivision. Owners are advised to consult with the City, County, other public agencies, and appropriate experts to evaluate the potential risk.

California is prone to environmental and weather conditions that create a high risk of destructive wildfires. These wildfires are difficult to predict, control and extinguish. Such wildfires may

cause Buyer property loss or bodily harm. They may also force evacuation from the Separate Interest or the Subdivision. As recent wildfires in California have illustrated, wildfires may occur at any time of year, start without warning and spread at a rapid and unpredictable rate, destroying massive amounts of property and injuring or killing humans and animals in their path. Rural, suburban and urban areas have all been impacted by wildfires. In addition to the risks associated with wildfires and related evacuations, looting of evacuated sites and mudslides associated with rain in recently burned areas are all risks that accompany California wildfires. Subdivider cannot control the conditions that create and spread these wildfires. The inherent risks of wildfires in California may have an adverse impact on insurance premiums for homeowner's insurance or homeowner's insurance may not be available at all. Owners should consult an insurance professional for additional information about the costs and availability of insurance for the Condominiums.

If any disclosure, or any material amendment to any disclosure, required pursuant to 1103 et seq is delivered after the execution of an offer to purchase, the purchaser shall have three days after delivery in person or five days after delivery by deposit in the mail to terminate the offer by delivery of a written notice of termination to Subdivider or Subdivider's agent.

If your residential unit is located within one or more Statutory Natural Hazard areas, your ability to further develop the real property, to obtain insurance, or to receive assistance after a disaster may be affected. You should therefore contact your lender and insurance carrier for more information regarding types of insurance and costs to cover your property. Additionally, since purchasers are not required to receive a separate disclosure for property owned by the Project Association, you should also contact the Project Association regarding any assessment increases due to additional insurance costs associated with the Statutory Natural Hazard Areas which may affect the Project Association maintained areas, if any.

Right to Farm. The Subdivision is located within one mile of farm or ranch land designated on the current county-level GIS "Important Farmland Map", issued by the California Department of Conservation, Division of Land Resource Protection. Accordingly, the property may be subject to inconveniences or discomforts resulting from agricultural operations that are a normal and necessary aspect of living in a community with a strong rural character and a healthy agricultural sector. Customary agricultural practices in farm operations may include, but are not limited to noise, odors, dust, light, insects, the operation of pumps and machinery, the storage and disposal of manure, bee pollination, and the ground or aerial application of fertilizers, pesticides, and herbicides.

These agricultural practices may occur during any 24-hour period. Individual sensitivities to those practices can vary from person to person. You may wish to consider the impacts of such agricultural practices before you complete your purchase. Please be advised that you may be barred from obtaining legal remedies against agricultural practices conducted in a manner consistent with proper and accepted customs and standards pursuant to Section 3482.5 of the California Civil Code or any pertinent local ordinance.

Notice of Airport in Vicinity: The Subdivision is presently located in the vicinity of an airport, within what is known as an airport influence area. For that reason, the property may be subject to some of the annoyances or inconveniences associated with proximity to airport operations (for example: noise, vibration or odors). Individual sensitivities to those annoyances can vary from person to person. You may wish to consider what airport annoyances, if any, are associated with

the property before you complete your purchase and determine whether they are acceptable to you.

California Business and Professions Code Section 11010(b)(13)(B) provides an "airport influence area", also known as an "airport referral area:" is the area in which current or future airport-related noise, overflight, safety, or airspace protection factors may significantly affect land uses or necessitate restrictions on those uses as determined by an airport land use commission.

Commercial/Industrial Zone Disclosure. California Code of Civil Procedure Section 731a currently provides that, except in an action to abate a public nuisance brought in the name of the people of the State of California, no person shall be enjoined or restrained by the injunctive process from the reasonable and necessary operation in any industrial or commercial zone or airport of any use expressly permitted therein, nor shall such methods of operation, provided any city, city and county, or county shall have established zones or districts under authority of law wherein certain manufacturing or commercial or airport uses are expressly permitted. Accordingly, Subdivider discloses that, the Subdivision is located within one mile of a property that is zoned by the City to allow commercial or industrial use.

Energy Efficiency Standards and Duct Sealing Requirements. Subdivider has been informed that based on climate zone maps issued by the California Energy Commission, the Subdivision is located in a designated climate zone in which properties are subject to duct sealing and testing requirements set forth by the California Energy Commission. According to the California Energy Commission, certain duct sealing requirements apply when any of the following Improvements are replaced on a home: the air handler, the outdoor condensing unit of a split system air conditioner or heat pump, the cooling or heating coil or the furnace heat changer. Please refer to the Natural Hazard Disclosure Report for more information regarding energy efficiency standards and duct sealing requirements applicable to the Residences in the Subdivision.

Prior Agricultural Use. The Subdivision is located on lands that were previously used for agricultural purposes, including an orchard and a nursery. There may have been other prior uses of the Subdivision site as well. By reason of such agricultural use, Owner may be subject to dust, noise and odors and may be exposed to pesticides, herbicides, insecticides and other chemicals. In addition, the former farming operations may have caused an accumulation of manure and other organic matters, which was incorporated into the fill soil used in the Subdivision. The decomposition of the accumulated organic matter in the soil may produce underground methane gas. This condition is not unusual and commonly exists in many areas in the City that were previously used for agricultural purpose. By acceptance of a deed to a Condominium, Owner (for and on Owner's behalf, and the members of Owner's family, tenants, lessees, guests and invitees) expressly acknowledges and accepts these existing and future impacts and forever waives any and all causes of actions against the Subdivider and the Project Association and their respective directors, officers, employees, agents, representatives and consultants for any damages or injuries which may arise from or relate to any such conditions or risks.

PURCHASERS SHOULD FAMILIARIZE THEMSELVES WITH THE SURROUNDING AREAS OF THE SUBDIVISION BEFORE SIGNING A PURCHASE AGREEMENT/CONTRACT.

ADDITIONAL DISCLOSURES: THE DISCLOSURES SET FORTH IN THIS PUBLIC REPORT ARE NOT A COMPLETE LIST OF THE DISCLOSURES WHICH MAY BE RELEVANT TO THE PROJECT. THE SUBDIVIDER HAS PREPARED VARIOUS

DISCLOSURE STATEMENTS REGARDING VARIOUS ASPECTS OF THE PROJECT. YOU SHOULD VERIFY WITH THE SUBDIVIDER THAT YOU HAVE RECEIVED A COPY OF EACH OF THE DISCLOSURE STATEMENTS AND YOU SHOULD CAREFULLY REVIEW EACH OF THEM RATHER THAN RELYING ON THE DISCLOSURES SET FORTH IN THIS PUBLIC REPORT, WHICH PROVIDE ONLY A GENERAL SUMMARY OF CERTAIN DISCLOSURES IN THE DISCLOSURE STATEMENTS.

TITLE

Preliminary Report. A preliminary report will be issued by the title insurer to reflect those items that affect the condition of title. You are encouraged to request a copy of this preliminary report for review of those items that affect the unit you are purchasing. Those items typically shown in a report include, but are not limited to general and special taxes, easements, mechanic liens, monetary encumbrances, trust deeds, utilities, rights of way and CC&Rs. In most instances, copies of documents can be provided to you upon request.

Easements. Easements for utilities, planting, mail delivery, drainage, flood control, rights-of-way, building setbacks, anchor rights, sewers and other purposes are shown on the title report and Tract No. 20303 recorded in Map Book 364, Pages 65 to 69, and the Condominium Plan for this Phase recorded July 19, 2023 as Instrument No. 2023-0176017, both in the Office of the San Bernardino County Recorder.

Amendments to the original condominium plan may also be recorded. You may ask the Subdivider about such changes. If you purchase a condominium unit, this information will be included in your title policy.

Adjustments to the original subdivision map(s) may also be recorded. You may ask the Subdivider about such changes. If you purchase a unit subject to said adjustment, this information will be included in your title policy.

A Private Street Access and Maintenance Easement Deed in favor of the Project Association for vehicular and pedestrian access and for vehicle parking where permitted by law over a portion of Lot 1 recorded May 10, 2023 as Instrument No. 2023-0113440 in the Office of the San Bernardino County Recorder.

An Easement Grant Deed in favor of the Project Association for access, construction, use, maintenance and repair in and over that portion of Lot 1 that are the Recreation Area Improvements recorded May 10, 2023 as Instrument No. 2023-0113441 in the Office of the San Bernardino County Recorder.

Mineral Rights. You will not own the water, mineral, oil, and gas rights under your land. The right of surface entry has been waived as to the surface and upper 500 feet of the subsurface of the property.

TAXES

Regular Taxes. The maximum amount of any tax on real property that can be collected annually by counties is 1% of the full cash value of the property. With the addition of interest and redemption charges on any indebtedness, approved by voters prior to July 1, 1978, the total property tax rate in most counties is approximately 1.25% of the full cash value.

For the purchaser of a unit in the Subdivision, the full cash value of the unit will be the valuation, as reflected on the tax roll, determined by the county assessor as of the date of purchase of the unit or as of the date of completion of an improvement on the unit if that occurs after the date of purchase.

Notice of Your 'Supplemental' Property Tax Bill

California property tax law requires the Assessor to revalue real property at the time the ownership of the property changes. Because of this law, you may receive one or two supplemental tax bills, depending on when your loan closes. The supplemental tax bills are not mailed to your lender. If you have arranged for your property tax payments to be paid through an impound account, the supplemental tax bills will not be paid by your lender. It is your responsibility to pay these supplemental bills directly to the Tax Collector. If you have any questions concerning this matter, please call your local Tax Collector's Office.

Special Taxes & Assessments.

The Project is located within **City of Ontario Street Lighting Maintenance District No. 1 (Zone 2000-1)**. This district was formed to provide funding for the annual maintenance, operation and servicing costs for street lighting and landscaping. The district budget for each fiscal year will be based upon the actual costs provided for in the awarded contract for these services. This means assessments can fluctuate from year to year as contracts expire. As of the date of this Public Report, it is anticipated that projected annual assessment will be \$158.00 per parcel. The administration of the district will be provided by City of Ontario Public Works.

This Subdivision also lies within the boundaries of the special districts below and is subject to any taxes, assessments and obligations thereof:

Metropolitan Water District of Southern California - Water Standby Charge West Valley Mosquito and Vector Control District - Assessment No. 2

This is not a complete list of all special taxes and assessments applicable to the units in this Subdivision. Buyer will be provided with a disclosure statement that will provide information regarding taxes and assessments applicable to the lot as of the date of issuance of the disclosure statement. Buyer is advised to review the disclosure statement carefully.

FINANCING

Pursuant to California Civil Code Sections 2956 through 2967, inclusive, purchasers must make certain written disclosures regarding financing terms and related information. The Subdivider will advise purchasers of disclosures needed from them, if any.

If your purchase involves financing, a form of deed of trust and note will be used. The provisions of these documents may vary depending upon the lender selected. These documents may contain the following provisions:

Acceleration Clause. This is a clause in a mortgage or deed of trust which provides that if the borrower (trustor) defaults in repaying the loan, the lender may declare the unpaid balance of the loan immediately due and payable.

Due-on-Sale Clause. If the loan instrument for financing your purchase of an interest in the Subdivision includes a due-on-sale clause, the clause will be automatically enforceable by the lender when you sell the property. This means that the loan will not be assumable by a purchaser without the approval of the lender. If the lender does not declare the loan to be all due and payable on transfer of the property by you, the lender is nevertheless likely to insist upon modification of the terms of the instrument as a condition to permitting assumption by the buyer. The lender will almost certainly insist upon an increase in the interest rate if the prevailing interest rate at the time of the proposed sale of the property is higher than the interest rate of the promissory note.

A Balloon Payment. This means that your monthly payments are not large enough to pay off the loan, with interest, during the period for which the loan is written and that at the end of the loan period, you must pay the entire remaining balance in one payment. If you are unable to pay the remaining balance, and the remaining balance is a sizable one, you should be concerned with the possible difficulty in refinancing the balance. If you cannot refinance or sell your property, or pay off the balloon payment, you may lose your property through foreclosure by the lenders.

Prepayment Penalty. This means that if you wish to pay off your loan in whole or in part before it is due, you must, in addition to the portion prepaid, pay a penalty in accordance with the terms of your loan.

Late Charge. This means that if you fail to make your installment payment on or before the due date, you in addition must pay a penalty.

Adjustable Rate Loan. The Subdivider may assist you in arranging financing from a federal or state regulated lender which will make loans that allow the interest rates to change over the life of the loan. An interest rate increase ordinarily causes an increase in the monthly payment that you make to the lender. The lender will provide you with a disclosure form about the financing to assist you in the evaluation of your ability to make increased payments during the term of the loan. This disclosure form will be furnished to you at the time you receive your loan application and before you pay a nonrefundable fee.

BEFORE AGREEING TO ANY FINANCING PROGRAM OR SIGNING ANY LOAN DOCUMENTS, YOU SHOULD READ AND **THOROUGHLY** UNDERSTAND ALL THE PROVISIONS CONTAINED IN THE LOAN DOCUMENTS.

PURCHASE MONEY HANDLING

Subdivider must impound all funds (purchase money) received from you in an escrow depository until legal title is delivered to you, except for such amount as the Subdivider has covered by furnishing a bond to the State of California. [Refer to Business and Professions Code Sections 11013, and 11013.2(a).

IF ESCROW HAS NOT CLOSED ON YOUR UNIT WITHIN ONE (1) YEAR OF THE DATE OF ACCEPTANCE BY SUBDIVIDER OF THE PURCHASE AGREEMENT, YOU MAY REQUEST THE RETURN OF YOUR DEPOSIT.

Note: Section 2995 of the California Civil Code provides that no real estate subdivider shall require as a condition precedent to the transfer of real property containing a single-family residential dwelling that escrow services effectuating such transfer shall be provided by an escrow entity in which subdivider has a financial interest of five percent (5%) or more.

SUBDIVIDER HAS NO FINANCIAL INTEREST IN THE ESCROW COMPANY WHICH IS TO BE USED IN CONNECTION WITH THE SALE OR LEASE OF RESIDENTIAL UNIT IN THIS PROJECT.

SOILS AND GEOLOGIC CONDITIONS

Soils and geologic information are available at the City of Ontario (Building Department), City Hall, 303 East "B" Street, Ontario, California 91764. Some portions of the project will have filled ground.

For in-depth information regarding the geotechnical aspects of the Project, owners should review the Soils Reports.

CALIFORNIA IS SUBJECT TO GEOLOGIC HAZARDS SUCH AS LANDSLIDES, FAULT MOVEMENTS, EARTHQUAKE SHAKING, RAPID EROSION, OR SUBSIDENCE. THE UNIFORM BUILDING CODE, APPENDIX CHAPTER 33, PROVIDES FOR LOCAL BUILDING OFFICIALS TO EXERCISE PREVENTIVE MEASURES DURING GRADING TO ELIMINATE OR MINIMIZE DAMAGE FROM SUCH GEOLOGIC HAZARDS. THE SUBDIVISION IS LOCATED IN AN AREA WHERE SOME OF THESE HAZARDS MAY EXIST. SOME CALIFORNIA COUNTIES AND CITIES HAVE ADOPTED ORDINANCES THAT MAY OR MAY NOT BE AS EFFECTIVE IN THE CONTROL OF GRADING AND SITE PREPARATION.

PURCHASERS MAY CONTACT THE SUBDIVIDER, THE ENGINEERING GEOLOGIST OR THE LOCAL BUILDING OFFICIALS TO DETERMINE IF THE ABOVE-MENTIONED HAZARDS HAVE BEEN CONSIDERED AND IF THERE HAS BEEN ADEQUATE COMPLIANCE WITH APPENDIX CHAPTER 33 OR AN EQUIVALENT OR MORE STRINGENT GRADING ORDINANCE DURING THE CONSTRUCTION OF THE SUBDIVISION.

STREETS AND ROADS

The private streets within the Project will be owned and maintained by the Project Association once they are conveyed to the Project Association. The cost of repair and maintenance of these private streets is included in the Project Association budget and is a part of your Annual Assessment.
